17TH YEAR - NO. 1

WILMINGTON, MASS., THURSDAY, JANUARY 6, 1972

FIFTEEN CENTS

McMAHON HOME TO BE SOLD?

McMAHON HOME TO CHANGE HANDS: The family home of the McMahon family, on Middlesex Avenue overlooking the common may soon become the property of Dr. Ralph LePore. Dr. LePore says he may set up the former barn to become a medical office. Built in the 1800s, it was for many years the property of the Bond family - of Bond Crackers, and later the home of Deacon James Skilton. It was acquired by the McMahons about eighty years ago, and has been their home for three generations. It was in this home that the first Catholic Mass was said in Wilmington.

Eliot still revising P.U.D.

Professor Charles Eliot and the Planning Board, Tuesday evening spent nearly two hours discussing the Planned Unit Development zoning proposed for Wilmington. The consensus seemed to be that the present proposal offers too much power to the Board of Appeals, but there is nothing that can be done until there is a change in the state laws.

Prof. Eliot said that such changes are being proposed for the coming session of the state legislature, and he anticipates that they will become law. In the proposed changes the Planning Board will take over much of the discretion now given to the Board of Appeals. At the end of the discussion, Danny Gillis suggested withdrawing the P.U.D. article, but instead it was agreed that Prof. Eliot should take it home with him and work on revisions. The article has already been extensively revised, this being mainly the work of Planning Board member Zane Bower.

Prof. Eliot was in favor of larger areas than that which seems to be proposed in the Wilmington P.U.D. He spoke of areas in Sharon, Amherst and Natick as having a minimum of 25 acres. He mentioned, in Wilmington, that a combination of the former Bobby Barrows land and the Smith land, proposed last year for apartments, might be considered for P.U.D. purposes.

Mobile Homes
Danny Gillis, as he described it, "dropped a bombshell" when he suggested that, in the future,

the town might consider mobile homes, as a part of the P.U.D. zoning. Mr. Gillis is unhappy about the state provisions that allow over-ruling of local zoning laws. He said that the town might well consider the mobile homes which are 60 feet long, for young couples, on 10,000 foot lot minimum.

Prof. Eliot thought that it would be better to consider a Tech Built house - in which the units, already built, 24 feet long by 12 feet wide, arrive by truck. His son, he said, is building one such home in Ipswich.

Eames Street Extension
Professor Eliot asked if there were any articles about new streets, south of Lowell Street. The Planning Board seemed to feel that there were not.

Eliot said he was concerned about Eames Street Extension, which is a proposal to construct a street from Eames Street to Lowell Street easterly of Lucci's Shopping Center.

Eliot said he understood the state is committed to going ahead with enlargement of the Lowell Street and Route 93 intersection. "I think if the town is going to 'welch' there will be trouble!"

He said he plans to discuss the problems with Town Manager Sterling Morris.

Gillis asked, in several ways, about the possibility of a cross street from Woburn Street to West Street - and used the term Bachman Highway, after the proposal of several years ago of Christian Bachman. Gillis was anxious to know if such a highway

could be made workable. Eliot did not believe so. "This is what (former State Commissioner) Ribbs and others have said," Chairman Mort Grant thought it would be a good subject for the members of the CPAC to discuss.

Gillis and the Town Engineer got into a discussion of West Street, with Mr. Harding pointing out that "they didn't want anything wider than the present width - no 60 or 50 foot widths. The Town Engineer felt that there should be a north-south road, and an east-west road in the area south of Lucci's.

Eliot: The State has said it will widen Lowell Street, and put in a full cloverleaf at Route 93, on the basis that there is to be no further access from Woburn to Interstate 93. The question is: What is Wilmington going to do?

Illegal Parking
It is illegal to park school buses on private property, or on the streets, in residential areas. A letter was received from Town Counsel Alan Altman, which replied to an inquiry of a few weeks ago, caused when the Planning Board received a complaint of a school bus being parked in a Silver Lake area.

Danny Gillis and Bill MacKinnon agreed that the ruling went further, in talking over the letter. It included, they felt, taxis and other commercial vehicles. A letter was sent to the Building Inspector, to see that the law was enforced, in the school bus case.

Other Business
The money put up by the developer who constructed the building now occupied by Photon, off Concord Street, is to be released. The Planning Board so voted Tuesday night. Still being held is money for the road beyond, owned by the owner of the larger property in the area.

A letter was received from the Board of Water Commissioners, pointing out that there were errors in the Town Crier report of a couple of weeks ago, of the visit of Mr. Gillis and Mr. Hanlon to the Water Department. There was some hilarity during the reading of the letter. It appeared that some of the errors had been made by the two men who made the report. They conceded, laughing, that it was a "fifty-fifty job". The Water Department, among

It might be a Short Town Meeting

The Planning Board has six articles for the annual Town Meeting in March. Five have been submitted by the public. There is an article calling for adoption of new By-Laws, in the hands of the Board of Selectmen, and that board may be guessed to have a dozen or perhaps more, for the Town Warrant.

In other words there may be thirty articles for the Warrant of the Annual Town Meeting - a relatively easy meeting for Wilmington, in the second Saturday of March.

Two of the articles (plus of course the budget) may be time consuming - the By-Laws, and the P.U.D. (Planned Unit Development) article submitted by the Planning Board. The present copy of the proposed new By-Law contains 34 pages, and they are still undergoing revision and study. The present copy of the P.U.D. article, which was given to Professor Eliot Tuesday evening is about six pages long, single line spaced, on "legal" copy paper.

Submitted Articles
Two of the articles submitted by voters call for rezoning. One asks that about 29½ acres of rural zoned land, off Aldrich Road, near Kendall Street, be rezoned to Single Residence A zoning (lots of 22,500 square feet). The land is owned by the Jean Cor. Inc. construction company, and Attorney Joseph Courtney is handling the article.

The second of the rezoning articles is for land by the Reading line, on West Street, owned now or formerly by the late Cliff Hupper. The article asks that the land be rezoned to Industrial. About four acres of land is involved. There have already been discussions with the Planning Board.

An article submitted asks that the town vote to raise and appropriate \$1482.80 for the purpose of providing 18 Traffic Supervisors and one Sergeant of Traffic Supervisors with a cost of living increase.

Another of the submitted articles

asks that the Town accept a Section 21 of Chapter 59 of the General Laws (Chapter 889 of the Acts of 1971). This act provides for a ten percent increase in pay, if adopted, by the town, of Principal Assessors, and also of Part Time Assessors, if they have completed schooling by the I.A.C., an Assessors organization. In the case of principal assessors the amount cannot exceed \$1000, and in the case of part time assessors the amount cannot exceed \$500.

The last of the submitted articles asks that the town vote to authorize the Board of Selectmen to sell a 50 foot lot of land to Carl Nelson of Parker Street, land having a total of 2500 square feet. Mr. Nelson and the Selectmen have talked about the sale of the land, but could not come to an agreement. It has an assessed value of \$500, and is almost surrounded by his land.

Another article would have the

town accept Section 8 of Chapter 40A of the Massachusetts General Laws. This would prevent anyone with an article that has been defeated, in Town Meeting, for rezoning, from bringing it up again to Town Meeting until two years have passed.

The Planning Board is asking that Section III-B-5 of the By-Laws be deleted. This is the section that provides for club houses, in residential areas.

High Density Traffic Business Zones would be more completely described in another article submitted by the Planning Board. It asks that the High Density Zoning be only for General Business and Industrial areas.

Another article by the Planning Board asks for new definitions in General Business Districts. At the present time a General Business lot may be 30 feet wide. The Planning Board seeks to make it wider, and bigger, to a minimum of 10,000 square feet.

Flood Plains
The Wilmington Conservation Commission is understood to be submitting another article on Flood Plain Zoning. According to conversation in the Planning Board on Tuesday evening, it is not as generally comprehensive as the one which was previously submitted, and which was defeated.

Schools
There seems to be, as of this writing, nothing submitted for the construction of new schools.

Button Drive January 23rd

The annual Wilmington High School Booster Button Drive will be held on Sunday, January 23rd, the Boosters decided Monday night.

Adults, driving cars, will drive youngsters around town for the drive, on door to door calls, as in previous years. There will be a Special Meeting of the Boosters on January 17th to discuss the final details.

During the past year the Boosters donated \$1600 in High School Scholarships, to four graduating students, plus 115 jackets and 65 sweaters to High School athletes, and held three dinners for High School champions teams.

The Boosters, Monday night, completed the first reading of the proposed new By-Laws.

35 Applicants Recreation Director

About 35 applications have been received to date by the Wilmington Recreation Committee, for the position of Recreation Director of Wilmington, open since the resignation of Ken Zucker. The Recreation Committee is at present reviewing all the applications.

MODERATOR DRAWS YEAR

ONE YEAR TERM FOR THE MODERATOR: Members of the By-Law Committee and Town Counsel Alan Altman, Monday night, at the Selectmen's Meeting. It was agreed that the term of office for the Town Moderator shall be one year, and the group then went into a long discussion of gravel regulations.

Tom Nealon and Milton Cram are on this side of the table, and at the end is Mrs. Joan Bachman. Mrs. Marion Burke, clerk, is on the far side. Missing are Mrs. Stella Courtney and Stanley Webber.

Fire Damages Atlas Cement Plant

A stubborn three and one half hour blaze, Tuesday afternoon, has weakened the structure of the Atlas Cement Plant, in North Wilmington. The fire, according to the Wilmington Fire Department is believed to have started from sparks from a welding torch.

Formerly owned by Mary Benevento of Lynn, it is now the property of John J. Sullivan of Andover. It was at one time a part of the Benevento properties which are north of Salem Street, and extend into North Reading.

The alarm was called at 2:58 p.m. and the recall was not

until 6:20 p.m. Three of Wilmington's fire trucks, plus the ladder truck were used. Deputy Fire Chief Daniel Wandell described the department as being "fully involved" with the fire, and said that the water used came from Martins Brook, which flows through the premises, there being no nearby hydrants.

The steel structure, Wandell said, is 100 feet high, and about 30 tons of concrete were being mixed at the time the fire started. Some estimates of the damage put it at about \$50,000. The structure seems to be valued at \$26,250, in the town's tax listing.

School Committee meets Tonight

The Wilmington School Committee will hold its regular meeting tonight at 8 in the School Committee Board Room at the Roman House, 159 Church Street.

The Committee will review the first half year of the new corrective adaptive physical education program.

Among other items being considered this evening will be an elective program in foreign language and fine arts at the North and West Intermediate Schools as well as awarding inservice credits for teachers who have participated in local workshops. Under old business, the School Committee will continue their budget deliberations.

An Executive Session will be requested for certain aspects of

this budget review. The public is cordially invited to attend.

Never paint until you're sure
that the surface you are about
to paint is thoroughly clean and
smooth. Paint takes a beating
anyway, but you can't expect it
to last unless it has something
smooth to adhere to.

Grease, dust, and other
foreign materials will inter-
fere with your paint and even-
tually cause it to crack and
peel.

about to paint with a liquid

thoroughly to insure the best

Indoor Track Season starts Today

The indoor track squad makes
its seasonal debut this afternoon
with a dual meet against Danvers.
The set is listed for 4:15 at the
Phillips Academy Cage. Coach
Kelley's team is quite young with
only senior tri-captains Bill
Badiali, Jack Barry and Rick
Keane being the only returning
lettermen.

Barry will see action in the high
hurdles and the relay, while Bill
will put the shot and run the 300
as well as the relay and Rick will

run the 2-mile event which he has
the school record for both indoor
and outdoors.

Other promising runners in-
clude: Artie Bibeau (50 yard dash
and relay), Rick Barry (hurdler),
Larry Singlas (a good prospect in
the mile), Chris Nee (potentially
a solid distance runner), Bill
Waller (relay and dash), Marcel
Deveau (high jump), Bob Reid
(shot put), Steve Gustus, Ralph
Halpin and Frank Shukis distance
men; Harold Walley (hurdles) and
Jim Martin (middle distances).

Puckster have their Troubles

The Wildcat pucksters contin-
ued to have their troubles as they
lost a pair of games last week to
extend their losing streak to
four. Last night the varsity
skated against North Reading in
search of their initial seasonal
win.

Last Wednesday Tewksbury
jumped out to a 2-0 first period
lead on a pair of power play
scores. The Redmen netted
singletons in each of the next
two frames before the Wildcats
got on the scoreboard. Kevin

Nolan's initial varsity goal at
3:34 followed some five minutes
later by Steve Neal's unassisted
tally closed the gap, but it was
not enough as the Redmen won
their second game of the young
season, 4-2.

On New Years Day, Andover
proved too much for the young
Wildcats as the Golden Warriors
slammed Coach Fessenden's
skaters, 3-1. Dana Malarky
averted a shut-out as he scored
with only seconds left in the
contest.

BASKETBALL NOTES

The boys' and girls' hoopsers
are working out daily as they pre-
pare for their conference games
beginning tomorrow afternoon.
Coach DiSarcina's boys are
sporting a 2-2 record to date and

the statistics reveal some bal-
anced scoring. Paul Ritchie
leads the club with 66 points,
followed by Jim Maxwell with
57, Bob Conlin with 55 and Phil
Morrissey with 32.

Town League Basketball

The senior division Pistons
moved into sole possession of
first place of their loop last
Thursday afternoon with an ex-
citing 32-25 triumph over the
Lakers. Coach Stan Riley's club
led all the way as Ray Noel (18
points) and Bob Burns (12) pro-
vided the scoring punch, while
Paul Serrazza did the playmak-
ing to perfection. Ed Mahoney
scored 12, all in the second half,
for Doug Smith's Lakers.

In other action the Bullets de-
feated the Royals and the Knicks
jumped out to a commanding 14-
7 halftime lead enroute to a
31-27 win over Dave Newhouse's
Celtics. Vin Scifo paced the win-
ners with 12 points, while Bob
Stewart tossed in 11 for the
losers.

The Chargers and Broncos won
their second straight game with-
out a loss to highlight the junior
set. Paced by Jim Tucker's 18
points the Chargers ripped the
Chiefs, 40-10, while the Broncos
squeaked by the Raiders, 18-12.
The Jets outscored the Patriots
11-8 in the second half to dis-
solve a 12-12 halftime deadlock
in posting their initial win of the
young season.

No-Check Hockey

The Aces extended their un-
beaten streak to six, while the
Jets were losing their eighth and
ninth games of the season to high-
light the WAHL action recently.
The league leading Blues explo-
ded for four third period goals
last Thursday night to overcome
a 2-1 Jets lead to edge the cel-
lar dwellers, 5-4. Pete Emery
(3 goals) and Ed Sobocinski (a
pair of lamp lighters) provided
the fire power for Newhouse's
skaters, while four different
players scored for Currier's
Jets.

In the other contest on Decem-
ber 30th the surging Aces over-
came 3-1 and 5-4 deficits to
outscore the Flyers, 9-6 on the
strength of a five goal outburst
in the final stanza. Ed Buckley
paced Dussault's sextet firing
home five goals, including three
in the third period. Snooky
Lynch registered his 30th and
31st goals in a losing cause for
the second place Flyers.

Monday evening the Blues
battled back in the third period
to gain a 5-5 tie with the upstart
Aces. In the tie cap the Flyers
slammed the slumping Jets, 8-5.

Census Bureau to conduct Survey

A sample of households in this
area will be asked about their
buy and home improvement ex-
pectations when visited by a
Bureau of the Census interviewer
during the period of January 3rd
to the 12th, according to James
W. Turbitt, Director of the Bur-
eau's Data Collection Center in
Boston.

The survey is made four times
yearly as a part of a nationwide
effort to guide governmental
agencies in developing programs
based on consumer purchasing
patterns. Households in the
survey will be asked if they expect
to buy a house, car, or major
appliances during the next year,
and if they have made recent pur-
chases of these items. Home-
owners will be asked about home
improvements and repairs made
during the last three months and
any planned for the future.

The October 1971 survey showed
an increase over July in con-
sumer plans to buy new cars,
household appliances, furniture
and carpets. The October sur-
vey was conducted in the middle
of the 90-day freeze on wages
and prices, but the impact of the
freeze on income expectations
appeared to be minimal.

Information supplied by persons
participating in the survey is
kept confidential by law and will
be published only in the form of
statistical totals.

Never paint until you're sure that the surface you are about to paint is thoroughly clean and smooth. Paint takes a beating anyway, but you can't expect it to last unless it has something smooth to adhere to. Grease, dust, and other foreign materials will interfere with your paint and eventually cause it to crack and peel. Wipe any surface you are about to paint with a liquid cleaner or detergent, and rinse thoroughly to insure the best results. You expect and you get courteous, helpful service from experienced personnel when you shop at Sweeney Home Courtesy Center, 615 Main St., 658-2051. While the weather prevents you from doing repairs outside, fix-up the inside of your homes with Pittsburgh Paints and supplies. Ozite or Ludlow Carpeting. We will arrange for carpet installation and have a fine selection of colors and patterns. Charge with Bank Americard or Master Charge. Helpful Hint: Nylon bristle brushes are best for use with water-thinned paints.

Indoor Track Season starts Today

The indoor track squad makes its seasonal debut this afternoon with a dual meet against Danvers. The set is listed for 4:15 at the Phillips Academy Cage. Coach Kelley's team is quite young with only senior tri-captains Bill Badiali, Jack Barry and Rick Keane being the only returning lettermen.

Barry will see action in the high hurdles and the relay, while Bill will put the shot and run the 300 as well as the relay and Rick will

run the 2-mile event which he has the school record for both indoor and outdoors.

Other promising runners include: Artie Bibeau (50 yard dash and relay), Rick Barry (hurdler), Larry Singlais (a good prospect in the mile), Chris Nee (potentially a solid distance runner), Bill Waller (relay and dash), Marcel Deveau (high jump), Bob Reid (shot put), Steve Gustus, Ralph Halpin and Frank Shukis distance men; Harold Walley (hurdles) and Jim Martin (middle distances).

Puckster have their Troubles

The Wildcat pucksters continued to have their troubles as they lost a pair of games last week to extend their losing streak to four. Last night the varsity skated against North Reading in search of their initial seasonal win.

Last Wednesday Tewksbury jumped out to a 2-0 first period lead on a pair of power play scores. The Redmen netted singletons in each of the next two frames before the Wildcats got on the scoreboard. Kevin

Nolan's initial varsity goal at 3:34 followed some five minutes later by Steve Neal's unassisted tally closed the gap, but it was not enough as the Redmen won their second game of the young season, 4-2.

On New Years Day, Andover proved too much for the young Wildcats as the Golden Warriors slammed Coach Fessenden's skaters, 3-1. Dana Malarky averted a shut-out as he scored with only seconds left in the contest.

BASKETBALL NOTES

The boys' and girls' hoopsters are working out daily as they prepare for their conference games beginning tomorrow afternoon. Coach DiSarcina's boys are sporting a 2-2 record to date and

the statistics reveal some balanced scoring. Paul Ritchie leads the club with 66 points, followed by Jim Maxwell with 57, Bob Conlin with 55 and Phil Morrissey with 32.

Town League Basketball

The senior division Pistons moved into sole possession of first place of their loop last Thursday afternoon with an exciting 32-25 triumph over the Lakers. Coach Stan Riley's club led all the way as Ray Noel (18 points) and Bob Burns (12) provided the scoring punch, while Paul Sterrazza did the playmaking to perfection. Ed Mahoney scored 12, all in the second half, for Doug Smith's Lakers.

In other action the Bullets defeated the Royals and the Knicks jumped out to a commanding 14-7 halftime lead enroute to a 31-27 win over Dave Newhouse's Celtics. Vin Scifo paced the winners with 12 points, while Bob Stewart tossed in 11 for the losers.

The Chargers and Broncos won their second straight game without a loss to highlight the junior set. Paced by Jim Tucker's 18 points the Chargers ripped the Chiefs, 40-10, while the Broncos squeaked by the Raiders, 18-12. The Jets outscored the Patriots 11-8 in the second half to dissolve a 12-12 halftime deadlock in posting their initial win of the young season.

No-Check Hockey

The Aces extended their unbeaten streak to six, while the Jets were losing their eighth and ninth games of the season to highlight the WAHL action recently. The league leading Blues exploded for four third period goals last Thursday night to overcome a 2-1 Jets lead to edge the cellar dwellers, 5-4. Pete Emery (3 goals) and Ed Sobocinski (a pair of lamp lighters) provided the fire power for Newhouse's skaters, while four different players scored for Currier's Jets.

In the other contest on December 30th the surging Aces overcame 3-1 and 5-4 deficits to outscore the Flyers, 9-6 on the strength of a five goal outburst in the final stanza. Ed Buckley paced Dussault's sextet firing home five goals, including three in the third period. Snooky Lynch registered his 30th and 31st goals in a losing cause for the second place Flyers.

Monday evening the Blues battled back in the third period to gain a 5-5 tie with the upstart Aces. In the tie cap the Flyers slammed the slumping Jets, 8-5.

Census Bureau to conduct Survey

A sample of households in this area will be asked about their buy and home improvement expectations when visited by a Bureau of the Census interviewer during the period of January 3rd to the 12th, according to James W. Turbitt, Director of the Bureau's Data Collection Center in Boston.

The survey is made four times yearly as a part of a nationwide effort to guide governmental agencies in developing programs based on consumer purchasing patterns. Households in the survey will be asked if they expect to buy a house, car, or major appliances during the next year, and if they have made recent purchases of these items. Homeowners will be asked about home improvements and repairs made during the last three months and any planned for the future.

The October 1971 survey showed an increase over July in consumer plans to buy new cars, household appliances, furniture and carpets. The October survey was conducted in the middle of the 90-day freeze on wages and prices, but the impact of the freeze on income expectations appeared to be minimal.

Information supplied by persons participating in the survey is kept confidential by law and will be published only in the form of statistical totals.

Wilmington's First Figure Skating Spectacular

In spite of the sudden blizzard, the general public was pleasantly surprised on the evening of December 30th at the new Youth Ice Arena in Wilmington.

Approximately 500 people turned out to see the Wilmington Figure Skating Club product its first Ice Show sanctioned by the United States Figure Skating Association as its part in the first annual Wilmington Winter Carnival. The difficult work on the part of everyone that went into producing the show on such very short notice was more than evident in the resulting performance.

Master of Ceremonies, Lloyd Crocker narrated the program throughout the hour. Program girls were Gail Hanson, Susan Childs, Mary Jane Cunningham and Cindy Perry.

Mrs. Celia Cornish, an advanced skater gave a beautifully graceful demonstration of Preliminary Figures to start the evening off.

Children working on the U.S.F.S.A. badges in their classes were next, starting with the requirements for badge no. 1 - The participants were: Mrs. Flo Ryan instructing Janet Backman, Sue Baldwin, Paula Burns, Ronnie Greenberg and Nancy Hartka.

Badge No. 2. Instructor Mrs. Eileen Morrisette with Janelle Fitch, Coleen Kelly, Sally Osterhaven, Helen Smith and Deidre Sughrue.

Number 4 on the program was a delightful skit called "Frosty the Snowman" starring Mrs. Ann Adams assisted by Liz Bartlett, Cheryl Bearse, Brenda Burns, Nancy Hooper, Cathy Morrisette, Debbie Morrisette, Lisa Smith, Lynne Smith and Sandy Yorks.

Badge No. 3 requirements were performed by instructor Mrs. Shirley Yorks with Carole Adams, Barbara Baker, Donna Richards, Lynne Smith, Kim Smith and Janet Zambarnardi.

Another aspect of figure skating is ice dancing which was beautifully demonstrated by club members Mrs. Pat Greenberg, Miss Bonnie Hebsch, Mrs. Ruth Hebsch, Miss Holly Rice and their invited partners, Edmund Becker, Ronnie Kelley, Oliver Kinney and Andy Stroukoff doing the Canasta Tango and the Swing Dance at its finest.

Badge No. 4 Free Style instructor Mrs. Janet Tighe with Lynne Lacey, Robin MacDonald, Lynne Murphy, Kathy Rice, Leanne Smith and Cindy Washburn.

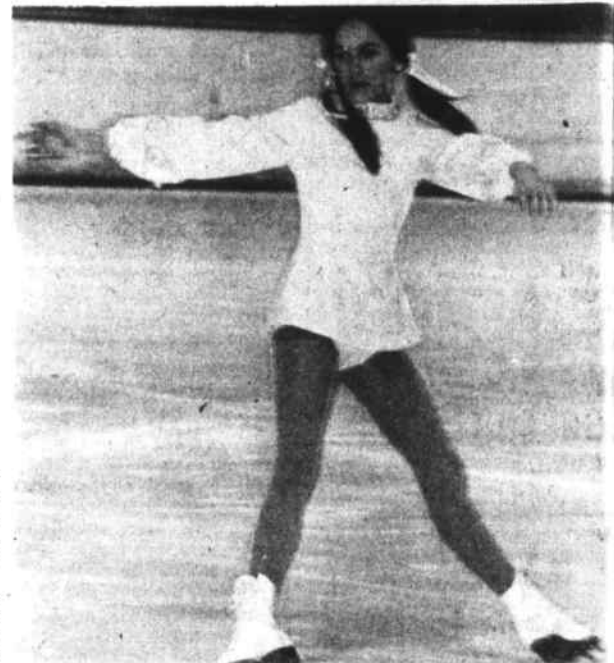

Badge No. 5 (Although there are 12, this is the highest badge accomplishment by the children in the club so far this skating season). Instructor Mrs. Phyllis MacDonald with Cheryl Bearse, Brenda Burns, Patricia Hadfield, Cathy Morrisette, Debbie Morrisette and Lisa Smith.

Number 9 on the program was Wilmington's Bonnie Hebsch who excelled as she performed her first free style solo, done to the strains of "Do I Hear a Waltz?"

The final act was a superb and graceful performance of advanced ice dancing by Silver Dance Medalists Susan Kelley and Andy Stroukoff who honored the club with their participation in the show.

The grand finale featured a red, white and blue theme during

which the entire cast of performers, instructors and stars appeared on center ice. Mrs. Ursula Leahy and Joseph Hartka escorted Miss Stacey Marden onto the ice to present flowers and gifts to starring performers. The singing of "God Bless America" by Miss Leah Rappa closed the show. The enthusiastic reception on the part of the audience has inspired the Wilmington Figure Skating Club to produce more and more shows in the future.

FLOWERS TO THE STARS: From Stacey Marden; in the picture are Susan Kelley, Andy Stroukoff, Mrs. Celia Cornish, Mrs. Ann Adams, Joseph Hartka and Mrs. Ursula Leahy.

Voluntary health agencies are important to every community.

Some of the services performed by voluntary agencies are extremely valuable. They may subsidize a project of interest to the public's health and demonstrate its worth to the citizens, the city council, or county supervisors, until the official agency can take over the function. Or they can educate the public concerning the best health habits.

They supplement the official agencies, and so we need them!

Silver Lake Pharmacy, 52 Main St., is your one stop center for all your prescription and beauty aid needs. Our cosmetic department features many of the leading names in the beauty industry. Whitman and Candy Cupboard... too good to pass up. Phone 658-4617. Open daily from 9 am to 10 pm.

Helpful Hint: Voluntary health agencies often pioneer in discovering the health needs of the community.

Selling (Your House) The Fast Easy Way

The Realtor's Code of Ethics
The basic principle on which the Realtor's Code of Ethics is founded is the "Golden Rule." This famous old rule states, "do unto others as you would have them do unto you." See one who will fully live up to this rule. I am sure you will agree, is a good person to do business with. Here is a short summary of the Realtor's Code of Ethics.
I Pledge Myself:
To protect the individual right of real estate ownership.
To be honorable and honest in all dealings.
To seek to better represent my clients by building my knowledge and competence.
To act fairly towards all in the spirit of the Golden Rule.
To serve well my community.

by Thomas Forsyth

and through it my country.

Hey there...now how about this storm and are ya still shivering...or did Christmas do the trick?

NOW...Let's get with it...Ya ready?

Heard that the Rev Richard Harding will be in the pulpit at the Wil Meth on Sunday a.m. while Rev Willis is out of town...and this will be an action Sunday!

Hey...where's the winter hat?

Heard Harold McKelvey lived it up at the Holiday Inn on New Year's and charmed them all with his rendition of San Francisco and the Wheel of Fortune...and he did tell this Gal about a tale of Doc Davis and Spot Pond and snapping turtles that cracked her up...and speaking of Doc...those eye men must have the life...with Davis off to New Orleans for a convention...and Chernoff off to Florida so 'the kids can get in the sun'...who are they kidding?...and this Chick will surprise you both one of these days and take you up on those invites...That you were safe didn't you, Fellas?...Well!

Have a great siesta...and for this Lass too?

Meanwhile, back at the Hut New Year's was something else. Elsie and Joe Medico spent it with the Clan and during Guy Lombardo, this Gal made JOE trip the light fantastic to Guy Lombardo in the corner of the diningroom...well...this meant we had to dance over Grandboys in sleeping bags, around Nana with her foot up on a hassock...by the way, she's walking under her own steam...isn't that great...and Elsie was herding the Wild One...No 2 grandboy who was really wound up, so she didn't get to trip before we wore Joe out...So, Elsie and this Chick did decide that we were making our reservations for New Year's 1973 now...and we don't care where...but we're going to be ready to go out on the Town someplace...and that Group can take their own kids to their New Year's Party...right Elsi?...All kidding aside we had lots of fun...and 'Fu' who is now eight months was the cutest. We had him tied to the kitchen chair where he played with our usual variety of toys, the wax paper and the measuring spoons, and grinned on and on. Sure do love those Boys!

Just had word that our friend Rudy Carresco had a serious heart attack and is in the Massachusetts General...Well...get better Rudy...Glad you're doing so well...Keep it up...Also heard this week that Frank Darling, Sr., of Eames Street has suffered a heart attack and is a patient at New England Memorial Hospital in Stoneham...Frank is one of the well-known proprietors of Frank's Amaco Station at the corner of Eames and Main Sts...Get the cards going gals...

Wonder if this Gal will rate that security blanket before the summer...Sure is a long cold winter!

Nicholas Okseniak came into

see this One in the middle of the storm last week...He wants to help with the Project Diaper for Father McNeil...Really, Nick you got this Gal off her duff and now she has sent a letter to the Rev Father asking how he would like us to go about it...Really do think that it would be a great deal for the Town to pick up...Everybody loves the babies...So thanks for your offer of support and way station for parcel drop off...and we'll get with it right off...Are you ready Group...That is Project Diaper for all of those small fry in Southern Japan in that orphanage that Father McNeil is sponsoring...This Chick will let you know the details as soon as she is organized...Meanwhile, get it going in your minds, and the baby clothes out of your attics...and your friends attics, cause She knows they need those...wow...Admit when we had those Clan kids in diapers three of them for five years with a few coming and going...it seemed like 8000 a day...but to most folk that figure would be unimaginable...and to not have enough...Yikes...So let's go, Gals...and you fellas like the Kiwanis and Lions and Rotary, and plants like Diamond Crystal, Sweetheart and Raffi & Swanson...this gal will be tackling you the postage to mail that stuff out and the boxes to pack it in...and then we'll be bumming anything else to do with kids we can get so watch it...and get ready, here she comes...again...With me?

Read something this week that this Gal has found to be extremely true of herself...how about you? 'You can Give without Loving, But you can't Love without Giving' Isn't that the Truth!

Sure hope ya had that Ball on New Year's Eve...and a Great 1972...It's gotta be better than last year was for many of us...So...See ya next week...Meanwhile...

Love Ya!

K of C Educational Benefits

Special educational benefits are available to children of servicemen, law enforcement officers and firemen through membership in the Knights of Columbus.

The Supreme Council office of the Knights of Columbus in New Haven, Conn. maintains a million-dollar Educational Trust Fund which provides a four-year college education for children of members who were slain or permanently and totally disabled as a result of military service or by criminal violence encountered in work as full-time law enforcement officers or firemen.

Delegates to the 62nd annual Supreme Council Meeting of the Knights of Columbus held in 1944 voted to establish the fund through a special per capita tax on members of the Order. These scholarships include tuition, fees, board and room, and books. Later benefits were extended to include the children of veterans of the Korean War and Vietnam. Educational Trust Fund benefits were extended in 1970 to include law enforcement officers and in 1971 to include firemen.

Eligibility for the loans is restricted to members of the Order, their wives, sons and daughters; and the widows, sons and daughters of members who were in good standing at the time of their death.

DEMOCRATS TO MEET

A most important monthly meeting of the Democratic Town Committee of Wilmington will be held on Wednesday evening, January 12th at 38 Nathan Road (off Wildwood Street) at 8:30.

Members have been notified by Chairman Ann Visconti that those who desire to have their names placed on the Democratic Party slate for the presidential primary election to be held in April must be present at this meeting.

Article II, By-Laws of Wilmington Democratic Town Committee states: "The purpose of this organization shall be: To support and promote the process of Democratic action within the Democratic Party; To assist in the election of duly nominated candidates for national, state, county and town office and do any and all things necessary and essential to strengthen the Democratic Party."

The Town Committee meets on the second Wednesday of each month and the Democratic Party welcomes all other registered Democrats as well, who will faithfully attend regular meetings and devote time and energy in the interest of the Democratic Party.

The last day to register to vote for the presidential primaries is Saturday, March 25th.

Superintendent Walter H. Pierce of the Wilmington Public Schools has appealed to all local residents to support Save the Children Bundle Days Drive to be held in the elementary and intermediate schools from January 10th to the 14th. Children and adults are now collecting wearable used clothing and shoes to be distributed by the Federation to needy children in the Southern Appalachian Mountains. While the need is great for children's clothing, adult apparel is also welcome.

In the Southern Appalachian Mountains, boys and girls need an education if they are to break out of poverty. Many of them are being forced to drop out of school for lack of presentable clothes.
